

## Installation notes for the TPC 7

1. Remove all the cables on the TPC 7 controller.
2. Remove the 4 nuts holding the rear cover.
3. Unplug the USB cable.
4. Removed the 4 nuts holding the TPC7 unit in place.
5. Put the new TPC7 unit in place and put the 4 nuts back on.
6. Now plug the USB cable on to the TPC7 (with the Red wire down).
7. Now put the rear cover on and replace the 4 nuts.
